

## In-Kind Donations

Constructing a concrete requires a variety of materials and equipment. While any In-Kind gift will greatly benefit our program, we have included a list of suggested donations below:

- Electric sander
- Concrete test cylinders
- Gloves
- Masks
- Sandpaper
- Plastic sheeting
- Shop rags
- Graduated cylinders
- Safety glasses

If you would like to make an In-kind donation to Cornell Concrete Canoe, please email Carolyn Schwartz and Daniella Blyakhman with what you would like to donate and the value of the donation.

Thank you for your support!
